***The box is located at Team Realty. Bagging needs to be completed by the 10th of each month. We recommend doing the cans on a Tuesday evening so that the bags can be taken to Brommer's the next day, or Saturday morning so they can be brought away before they close at 12 noon. You need to contact your "can hauler" so they know when you are doing cans. The bags will be in the fenced area. Please bring a few boxes for the glass and plastic bottles.

You will receive an email on the first of the month as a reminder but it is your responsibility to find a time it works for the majority of your group to get the work completed.

We thank you for your help and making this a great fundraiser for Bridge of Hope.
