

Colossians 3:12-14

Series: Colossians: Maturing as a Jesus-Follower
“Dressing Up Like Jesus: Putting on Patience”

09 - 20 - 09

Where are we often *the least* like Christ?

“Like so much of our culture, that which came into being as our tool is now in danger of becoming our master” (Phillip Kenneson, *Life on the Vine*, 116). Explain.

What do we often *mistakenly* identify patience as?

Where we went wrong . . .

1) Who invented the mechanical clock and why?

2) What is an *ave*?

Why we went wrong . . .

1) Every element of the *clothing of Christ* is at its core

_____ - _____.

2) In all reality, impatience can really be equated to what?

How we get back . . .

1) Where does each element of the clothing of Christ actually come from?

2) What does *macrothumia* literally mean?

3) Looking at 2 Peter 3:8-9, any working understanding of patience must involve a sense of surrender. Why?

4) Essentially, Peter ends up equating patience to what?

5) In a similar manner of thinking, why is our patience then so vital?

hurry is the devil”*
